Mayoral Business for October 2015

- It was a pleasure to attend the opening of the MAC Project at Katherine Museum Saturday 10th October. It was the realisation of a project to house the Clyde Fenton Gypsy Moth in a climatically controlled environment to hopefully preserve the plane for many years to come. Thank you must go to the late John McNamara for his perseverance to protect the plane. Special thanks to Manager Simone Croft who successfully lobbied the NT Government – in particular Minister Willem Westra van Holthe – to receive the required funding to air condition the building which will provide the best opportunity to extend the life of this very delicate aircraft.
- October Business Month was again busy in Katherine with a variety of events to attend. October Business Month dinner was well supported and a great opportunity for community/business networking. It was very good to see elected members and Katherine Town Council staff at these functions. Of particular note was the success of the Katherine Town Library at the Customer Service Awards presentation. Well done to Colleen and all the staff.

- The past few months have become increasingly busy in a positive way. Katherine Town Council CEO Robert Jennings and myself have taken every opportunity to present Katherine Town Council future plans and proposed developments to the appropriate departments. These have included Developing the North, Tourism NT, Tourism Top End, Department of Lands Planning and Environment, and the Chief Ministers Department. While it is early days I am confident that our proposals are being taken into consideration.
- In my position as Chairperson of the Katherine Region Economic Development Committee (KREDC) I attended the biennial Indigenous Economic Development Forum in Alice Springs with around 300 other delegates mainly from across the Northern Territory. The speakers provided a wealth of knowledge and support for the delegates with the addition of much one on one support to encourage and enable business development. It was a very interesting forum.

CARRIED: 7/0

- Alderman Phillips noted on page one (1) of the Works and Services Report under Facility the Parks and Open areas are moving a lot of termite damage stumps around the place and questioned is there further treatment for the termites and will the trees be replaced.
- Director of Works and Services stated that KTC does have a tree replacement program for termites as well as endeavour to replace trees.
- Alderman Tapp-Coutts noted the sprinkler replacement fees and how much it cost to have the town looking nice.
- Alderman Rose commented on the parks in the community and equipment in the facilities and if equipment is still serviceable or needs to be replaced.
- Director of Works and Services stated Council does have an ongoing replacement program and ongoing maintenance for North, East and South parks have ongoing maintenance in the budget.
- Alderman Gazey noted the LED lighting in the Binjari community and he looks forward to getting feedback on the power consumption and power cost.
- Alderman Phillips noted the improvement from the LED lighting in the Binjari community.
- Mayor Miller mentioned the neem trees in the Katherine River Corridor and questioned how big of an area have we treated and how are we processing with the treatment program.
- The Director of Works and Services referred the question to the Operations Manager.

- The Operations Manager stated the corridor treatment is complete from Shady Camp Road to Low Level Bridge and that the Government has brought its new Weed Strategy Program out, and that we will continue to re-do the neem trees until they are gone including throughout the town.
- Alderman Tapp-Coutts questioned if the Meat Works area is included.
- Alderman Phillips noted the problem from the neem trees just south from Meat Works and that KTC should continue ongoing treatment.
- Mayor Miller questioned where our corridor finished.
- The Operations Manager stated the corridor finished at the top side of Low Level.
- The Operations Manager stated KTC was acknowledged on the efforts for treatment of the neem tree that we are the only Government department that has done anything about neem trees.
- Mayor Miller asked if the Street Light audit was complete.
- The Operations Manager said a full report will be available late next week, KTC are using Power and Water spreadsheet and it is not currently accurate.
- Alderman Phillips asks if we should apply a rates notice to the private entities of Power and Water.
- The Chief Executive Officer stated we have previously explored the option with no success.
- Mayor Miller said that this has been discussed at LGANT.

14. LATE AGENDA

Alderman Clark and Alderman Tapp-Coutts put a motion for Council to consider the Late Agenda Items 14.1 and 14.2

MOVED: Clark/Tapp-Coutts

CARRIED: 7/0

Alderman Rose left the room at 18:57

14.1 RYAN PARK USAGE AS A MARKET VENUE

File: Property Management / Hire / Ryan Park – Property Hire – Community Market

MOVED: Higgins/Phillips

That Council:

1. On the condition that within one (1) month (up to 23 December 2015), the Katherine Community Market Committee are able to:
 - a. Negotiate with the Department of Transport a written agreement and traffic management plan regarding an interim solution of traffic management using personnel that will satisfy all the relevant Tonkin Consulting recommendations;
 - b. Secure a written quotation from a qualified organisation for the costs associated with providing this interim solution of traffic management using personnel; and

- c. Enter into an agreement with the Katherine Town Council and the Department of Transport to confirm the payment of all costs associated with the interim solution of traffic management using personnel;

Then the Katherine Community Market Committee are able to continue with the use of Ryan Park as a market venue until the new median strip and other identified works are completed, on the condition that these interim arrangements remain in place.

Should the above conditions in Part 1 be satisfied the Katherine Community Market Committee must also:

- d. Cover costs associated with necessary water and power infrastructure on the Ryan Park site due to the expansion of the markets;
 - e. Work with Katherine Town Council to reduce annual costs associated with remediation works due to pedestrian traffic on grassed areas; and
 - f. Work with Katherine Town Council to reduce the maintenance and traffic control safety impact on the Ryan Park footpath network by vehicular access.
2. Should the conditions a, b and c in Part 1 of the recommendation not be satisfied, then the markets must be relocated to the Lindsay Street market location permanently with the following notes:
 - a. Katherine Town Council are prepared to assist with the Development Approval process.
 - b. Katherine Town Council will need to revise their 2015/16 or 2016/17 budget to allow for the required works to complete the Lindsay Street road safety audit recommendations.
 - c. Katherine Town Council must endeavour to complete the road safety works associated with the Lindsay Street market site as identified by the Tonkin Report. As a result of the wet season now being in place until the opening of the markets in 2016, there will inevitably be a delay prior to the commencement of the markets at the new location.
 3. In either case, the Katherine Town Council will lobby the Northern Territory Government to complete the road safety works identified at the Ryan Park area and prioritise and schedule the works associated with the Lindsay Street area based on whether the markets have or have not been moved to the Lindsay Street venue.

AMENDMENT TO MOTION MOVED: Gazey

Alderman Gazey put forward an amended motion to part C and suggested in be amended to, Subsequent to the construction of satisfactory road safety works (as determined by the NT Government and Tonkin Consulting) and conditions d, e and f in this recommendation, the Katherine Community Market Committee can continue to utilise the Ryan Park location under a four (4) year agreement with the Katherine Town

Council that satisfies all the ongoing requirements identified in this report and the attachments.

No seconder for this motion, therefore proposed amendment lost.

The original recommendation was put before the Council.

MOTION LOST: 1/5

Alderman Gazey voted for the original motion.

- Alderman Rose re-entered the meeting 19:40
- Alderman Rose declared a conflict 19:41 and left the room.
- Deputy Mayor Higgins left the room at 19:43
- Deputy Mayor Higgins returned to the room 19:45

ALTERNATIVE MOTION MOVED: Tapp-Coutts/Phillips

- 1) That the markets be relocated to the Lindsay Street market location permanently with the following notes:
 - a. Katherine Town Council are prepared to assist with the Development Approval process.
 - b. Katherine Town Council will need to revise their 2015/16 or 2016/17 budget to allow for the required works to complete the Lindsay Street road safety audit recommendations.
 - c. Katherine Town Council must endeavour to complete the road safety works associated with the Lindsay Street market site as identified by the Tonkin Report. As a result of the wet season now being in place until the opening of the markets in 2016, there will inevitably be a delay prior to the commencement of the markets at the new location.
- 2) That the Katherine Town Council lobby the Northern Territory Government to complete the road safety works identified at the Ryan Park area and priorities and schedule the works associated with the Lindsay Street area.

CARRIED 6/0

The following comments were mentioned throughout the various motions.

- Alderman Phillips wondered why we are redoing this process when we went through this three (3) – four (4) years ago and that Council went through the same audit and process.
- Mayor Miller asked if Alderman Phillips was referring to the intersection, in particular.
- Alderman Phillips confirmed he was talking about all the safety issues around the current Ryan Park location.
- Alderman Tapp-Coutts seeks clarification if we were voting on either or, or each recommendations.
- The Chief Executive Officer confirmed that Council are voting on the two part resolution.

- Alderman Tapp-Coutts asked if the Department of Transport does not agree to include a median strip that the requirements have not been met and the community markets will have to be moved.
- The Chief Executive Officer answered that within the report it identifies that the Department of Transport will consider it “if feasible.”
- Deputy Mayor Higgins stated that from day one (1) he has only had two (2) issues with the current Ryan Park location one (1) is the safety issue and two (2) is the economics and that there has been a lot of promises on the safety conditions that have not been met.
- Deputy Mayor Higgins understands Alderman Tapp-Coutts concerns around the median strip and that Council could argue back and forth about the costs to get it running to a satisfactory standard and that no major event should be run at the Ryan Park location because of the safety issues.
- Alderman Clark stated that she agrees with Deputy Mayor Higgins comments and that she has been involved with the Tick Market for 15 years and that they have previously had to relocate.
- Alderman Clark stated that we currently have the markets in Ryan Park and that the atmosphere is great but we continue to have the concern of the major highways, an accident and that we have had a number of near misses at the location.
- Alderman Clark stated that since the last time we had the discussion around the markets there was a culture of bullying and that Elected Members were being bullied into doing something they don't want to.
- Alderman Clark's main concern is that we are spending all our money on the grounds and that if the market continues to grow the additional infrastructure and planning for the growth will need to be looked at.
- Alderman Gazey noted the clarification he was looking for in point C is related to what happens to the markets at the Ryan Park location when the median strip is there.
- Alderman Gazey thanked the market committee and Council officers and noted that the safety audit is important and the fact the safety audits have been done. The section for the maintenance in the report identifies what it costs for Council in both locations.
- Alderman Gazey noted DoT is responsible for cost at Ryan Park but Lindsay Street will cost Council to complete the upgrades.
- Alderman Gazey stated his final point is that KCMC have contributed in a community way to things such as the White Ribbon Day and are community focused and positive to Katherine.
- Alderman Gazey stated the current set up is working and that if we move it will cost Council.
- Alderman Tapp-Coutts would like to say it cannot be an emotional decision it has to take into account the growth in Katherine and the community. It is hard to make these decisions in a town where you know everyone and we need to put this to bed and make it a long term community market. Katherine cannot afford to maintain two (2) market facilities.
- Alderman Tapp-Coutts said we need to make the decision tonight to relocate the markets to Lindsay Street Complex.
- Alderman Phillips believes that markets are a great asset to Katherine Lifestyle and that Council was wrong in letting the markets be at Ryan Park with two (2) major highways and high maintenance cost that will be paid by the rate payers.

- Alderman Phillips stated that Lindsay Street complex was built for a market facility and that as an Alderman he cannot let 30 people resort to bullying him and other Alderman to get there way.
- Alderman Phillips asked if Council could live with someone being killed due to the safety issues at Ryan Park.
- Alderman Phillips said there was a large amount of opportunity at Lindsay Street complex for community activities including the markets, there is open areas as well as parking and opportunity for parking in the surrounding areas.
- Alderman Phillips stated the fence at the Lindsay Street makes the facility a safe enclosure for the community and that surrounding the facility there are no major highways.
- Alderman Phillips agreed the facility will require changes prior to this move.
- Alderman Phillips would not like to see anymore near miss accidents at the Ryan Park facility, or bullying from members of the community.
- Alderman Phillips agrees the KCMC should move to the Lindsay Street facility.
- Mayor Miller said that the Ryan Park markets was a decision of the Northern Territory Government and that they made that the decision to have the markets at Ryan Park, not Council. The money that was used to start the market was part of the prize from the Rural Women of the year project, as a farmers market for \$10,000.
- Mayor Miller stated there has always been disagreement from the community on the location and that the market was setup for farm produce.
- Mayor Miller has from day one (1) had an issue with the safety at the markets current facility.
- Mayor Miller stated that KTC put a chain fence around the Ryan Park facility.
- Mayor Miller noted that the markets would like to expand and as the markets grow it will cause more of a safety issue.
- Mayor Miller's concern is as the market gets bigger we will need more parking and that Lindsay Street and Chambers Drive have the land this parking will require.
- Mayor Miller acknowledged KCMC has done a wonderful job at attracting both tourist and the local community to the market.
- Mayor Miller said that despite the bullying the markets will continue to work if they are moved to the Lindsay Street complex.
- Mayor Miller stated there is major work to be done at Lindsay Street and that if this work is done it is long term it is a great long term option and will not be moved.
- Mayor Miller long term view is that the markets will need to move to Lindsay Street.
- Deputy Mayor Higgins is curious if we are voting on the motions.
- Alderman Rose re-entered the meeting 19:47

14.2 PROGRESS OF THE LEASE AND OTHER ASSOCIATED MATTERS FOR THE KATHERINE CIVIL AIRPORT

File: Legal Documents / Lease / Katherine Civil Airport Lease

MOVED: Clark/Phillips

That it be recommended to Council:

That it be recommended to Council to receive and note the above report.

CARRIED: 7/0

- Alderman Clark asked how long of an extension we are giving Department of Defence to report back.
- The Chief Executive Officer said that we will give them another three (3) weeks to complete the report.
- Deputy Mayor Higgins asked if there was some commercial industry.
- The Chief Executive Officer said that we have requested things such as a single point contact from Department of Defence as well as it is a commercial industry.
- Alderman Gazey said that in discussions it came up that it is a \$180 a tonne landing cost at Uluru, Tenant and Alice Springs.
- The Chief Executive Officer stated that it is something we will incorporate into the financial model research.

15. GENERAL BUSINESS

- Alderman Tapp-Coutts would like to make comment on an issue that was critical of the Mayor. Alderman Tapp-Coutts said Council put a lot of work and time into their decisions and researching backgrounds on all decisions.
- Mayor Miller thanked Alderman Tapp-Coutts.
- Alderman Gazey stated in the 15/16 budget year Council addressed the road verges and allocated money and questioned if Council are going to do the work.
- Director of Works and Services said Council have just advertised for the position that was put into the budget and that interviews are scheduled for early December and that that is an appropriate timeframe.
