## 4. AGENDA ITEMS

### **Where are we now**

Daniel Chapman addressed the committee. It was stated that there was a need to first address **where we are now** as an overall facility. It was stated that this needs to be looked at not merely as a problems/wish list from each group, but a holistic approach to the whole facility. It was stated that this would then lead into the following areas of exploration.

**Where do we want to be in 7 years' time?** Given the information that will be obtained, what strategic direction would you like to see the municipality heading towards?

**How will we get there?** What needs to be done? Is it feasible?

**How will we know we've arrived?** – In order to achieve the strategic direction we want to within the next 7 years, we will use the methods chosen by the previous focus group. How will we decide if these methods are working effectively to achieve your desired direction?

It was decided that the best method to establish where we are now would be to allow a period of 28 days from the dissemination of the minutes for user groups to establish what they believe are the overall areas of improvement that could be made. After the period of 28 days has passed, all relevant responses from user groups are to be disseminated to all members of the committee.

## 5. NEXT MEETING

The next meeting will be held on Tuesday 10 June 2014, 5:30pm at the Civic Centre.

## 6. CLOSURE

The Chairman declared the meeting closed at 6:13 pm
